Pittaburg, Pa.

THE CHIEFS' ANSWER.

That Anti-Amoskeag Equity Suit, With Stinging Charges,

AVERRING COLLUSIVE INTERESTS

tack on Home Engines. SOME REALLY READABLE REPLIES

As a Foundation for the Non-Resident At-

Chiefs J. O. Brown, E. M. Bigelow and R. C. Elliot yesterday filed their answer in the equity proceedings instituted by H. E. Safford against the Board of Awards to prevent them from giving the contract for the two fire engines to the Manchester Locomplied Works, the manufacturers of the J. W. WALLACE, 5221 Penn avenue. Amoskeag engine. Mayor McCallin has already filed his separate answer, in which he virtually admitted the allegations of Safford. and explained his reasons for voting against JACOB SPOHN, No. 2 Carson street.

the award of the contract to the Amoskeag Company. The answer of Chiefs Brown, Bigelow and Elliot commences by denying the first paragraph of Safford's bill, and holding that he is not a bona fide taxpayer in the city of Pittsburk, nor is he an owner of any real estate whereon taxes have been or will be levied and assessed against him in the city.

Continuing, the answer in substance says: We aver that this bill has been filed by plaintiff, directly in the interest of the Clapp & Jones and the La France Engine Companies, in which he is pecuniarily interested, and that he is directly interested in a pecuniary manner in procuring the vacation and annullment of the award to the Manchester Locomotive Works, and procuring the award to the companies, or one of them, in which they believe him thus interested. And that the averment that he is a taxpayer and owner of property in said city, is but a pretense and does not fully disclose the real interest of plaintiff. That the

bill is not filed in good faith, but is collusive and a fraud upon the court.
Second—The averments in the second, third, third, fourth, fifth, sixth and seventh paragraphs of the bill are admitted, except it is denied that the bids of the La France Company, or the Clapp & Jones Company, complied with

THE ACT ALREADY DONE .. Third-It is not true, as averred in the eighth paragraph, that the contract is as yet not fully executed, but must be approved by the Councils of Pittsburg and must be signed by J. O. Brown, Chief of the Department of Public Safety, but it becomes binding. On the 23d of October, 1888, the Department of Awards

October, 1888, the Department of Awards awarded the contract to the Manchester Locomotive Works and made report of the same to Councils. On the 12th of November, 1888, Select Council of said city approved said report, and on the 28th of October, 1888, Common Council did the same, and on the 4th of February, 1889, J. O. Brown, as Chief, signed the contract as required under the law.

Fourth—The averment in the ninth paragraph, that the bid of the Manchester Locomotive Works was greater than that of the other two companies, is admitted; but it is denied that it was much greater, and it is further denied that the bid of either the La France or the Clapp & Jones Companies complied with the Clapp & Jones Companies complied with Fifth—The averments in the tenth paragraph

Sixth—The averments in the eleventh paragraph are denied.

Seventh—For answer to the twelfth and thirteenth paragraphs of said bill, the defendants say that the bid of the Manchester Locomotive

say that the bid of the Manchester Locomotive Works complied in all particulars with the specifications referred to in said paragraphs; that "flue boilers" and "tubular boilers" are practically the same thing, and they deny that a tubular boiler is superior to a flue boiler for the purposes of a steam fire engine.

Eighth—For answer to the averments contained in the fourteenth paragraph of said bill, the defendants say that the guarantee therein mentioned was superfluous and not called for by the specifications, and embraced nothing but that which would necessarily be included in the contract, even without any guarantee.

Ninth—The defendants deny the averments contained in the fifteenth and sixteenth paragraphs, except as they are hereafter admitted.

Tenth—The averments contained in paragraph 3% of the amended bill are denied.

Eleventh—The averment in paragraph 17 is Eleventh-The averment in paragraph 17 is

denied. RIGHT DOWN TO REASONS. Twelfth—And, for the further answer in this behalf, the defendants say that the bill should not be sustained, for the reason that the defendants are the Department of Awards of the city, which defendant completely exhausted said award a long time ago, and which defendant has not since that time, nor will it ever have any further control or duty to perform in regard to said contract. [Here follows a review as to test, proposals, etc.] That the Board of Awards, in determining this matter, took into consideration the full facts, among others that the Amoskeag engines have the best reputation for force, capacity, durability and consequent saving in the way of repairs, of any engine in the United States. That the city has purchased engines other than the Amoskeag and the result has invariably been to demonstrate the great superiority of the Amoskeag. That the engines manufactured by the LaFrance and Chapp & Jones Companies have never been used in this city. That in addition thereto the hid of the Manchester Locomotive Works included the equipment of said Amoskeag engines with the "Endicott springs" (not included in the specifications) without extra charge to the city; that the said springs can be furnished only by the Manchester Locomotive Works and are an indispensable part of a steam fire engine; that the engineers of the department are perfectly familiar with the Amoskeag engine, and with no other kind; that the demands of the fire department frequently require that engineers be changed or shifted from one engine house to another; and it is therefore essential that the engines in use in the fire department should be such that each of the engineers can take charge of and run any of the fire engines of the city at a moment's notice. That it seemed to the board, from this view alone, it was hore economical to pay \$5,000 for an engine which all the engineers of the department can run, than \$4,575 for one which none of the engineers could operate without special training and at least some expense. That, in the judgment of said Board of Awards, taking everything into consideration, the Amoskeag engine was a better engine than either the La France or the Clapp & Jones engines. in regard to said contract. [Here follows a review as to test, proposals, etc.] That the

wherefore, these defendants pray that the said bill may be dismissed with their reasonable costs sustained.

J. O. Brown,
E. M. Bigelow,
R. C. Ellior.

City Attorney Moreland and D. T. Wat-

son, Esq., are the attorneys for the board,

with the exception of Mayor McCallin.

MEETINGS. DISSOLUTION NOTICE — THE PANHADLE Coal Company has this day been dissolved by mutual consent. All parties having claims against said firm will present the same to John M. Andrews. All accounts due said firm will be collected by Duncan & King's Collecting Agency.

JOHN M. ANDREWS.
A. J. SCHULTE.

In retiring from the Panhandle Coal Com-pany I would recommend to friends and patrons my late partner, Mr. John M. Andrews, who will continue the business at the old stand. Respectfully yours, A. J. SCHULTE. Having purchased the interest of my former partner, Mr. A. J. Schuite, I would respectfully ask for a continuance of patronage extended to the Panhandle Coal Company. Very respectfully yours, JOHN M. ANDREWS, 72 Sandusky st.

ALLEGHENY CITY, February 25, 1889.
